**Subject:** Save Your Tuition Rate - Apply Today

Hi there,

Tuition is going up this fall, but there is still time to lock in the current tuition rate with the William Woods Tuition Promise\*!

**Students who enroll in the Summer 2 term starting June 26th, will be enrolled at the current tuition rate.** With the WWU Tuition Promise\*, students who stay continually enrolled will not have their tuition increased for the duration of their enrollment at WWU.

**Application and supporting documents are due by June 19th for WWU's Summer 2 term, so there is no time to waste!**

**Save Your Rate - Apply Today!**

Tuition will be going up this fall, but union members and their families will continue to receive a 50% tuition discount at WWU. Using the Union College Benefit, students' out-of-pocket costs will be greatly minimized, and eligible students may even be able to completely eliminate out-of-pocket costs by using available financial aid and benefits.

Questions? Call 1-888-897-9671 or email us at [williamwoods@student-resource.org](mailto:williamwoods@student-resource.org)

\*WWU Tuition Promise - All students who remain continually enrolled at WWU will continue to receive the same discounted per credit hour cost at the time of their initial enrollment for the duration of their attendance. To remain continuously enrolled, students may not sit out from class for more than one 8-week sub-term in a row. Students that skip more than one sub-term at any point will no longer qualify for the tuition lock and will pick up the current tuition pricing at the time they reenter courses
